

SECRET TIMES

di Stefania Dorta

Body measurement should be taken while wearing a good fitting bra (not a foam cup, but a sewn fabric bra) , light cloths like leggings and tank top, and the shoes you intend to wear with the dress. If you want to use a corset or crinoline under the dress, wear it.

n°	Measure	Cm	Inch	Description	Immagine
2	Chest			Measure horizontally around the chest, over your bust	
6	Waist			Measure horizontally around the thinnest part of the torso (6mm-1/4" above belly button) . Fasten a cotton tape around the waist as a guide for further measurements	
7	Low Hips			Taken horizontally around the fullest area of the hips (over your butt, standard measure 21,5 cm/ 8 1/2" down from the waist) , with the feet together. Fasten a cotton tape around the low hip as a guide for further measurements	
22	Waist to floor			Measure down from the waist along the side, perpendicularly, to the floor. Use the tape around the waist as a guide.
